Estimates
Based upon prices recently paid at auction for comparable property, and take into account condition, rarity, quality and provenance. Estimates are subject to revision. Vendors should not rely upon estimates as a representation or prediction of actual selling prices.

Reserves
In normal circumstances, Vectis Auctions do not accept reserves, however if a vendor wishes to place a reserve on a lot and that lot is eventually unsold, Vectis Auctions will charge the vendor a fee of 7.5% of the placed reserve or £10 whichever is greater. The reserve is the confidential minimum price the vendor will accept and must be agreed with Vectis Auctions beforehand. This value will not exceed the top pre-sale estimate.

Late Withdrawals
(a) Lots withdrawn once an item has been catalogued will incur a charge of 15% of the midpoint between top and bottom estimate or the reserve, whichever is greater.

(b) Lots withdrawn after the catalogue has been printed and distributed will incur a charge of 25% of the mid point between top and bottom estimate or the reserve, whichever is greater.

Payment of proceeds of auction
Payment is normally made twenty five working days after the sale, however Vectis Auctions reserve the right to withhold any funds if the buyer fails to make payment. If the buyer fails to make payment within the calendar month, Vectis Auctions have the right to pay the vendor an amount up to the net proceeds payable in respect of the amount bid by the defaulting buyer.
